

Master in Public Affairs – Accelerated Online (MPA)

The University of Texas Rio Grande Valley (UTRGV) offers a program leading to the degree of **Master in Public Affairs – Accelerated Online**. The MPA degree allows the student to select from two different tracks: Public Administration, and Public Policy and Management.

Public Administration is a discipline developed from the study of political science, management, and law. Public administration, both as scholarly study and professional preparation is interdisciplinary substance and methodology, borrowing from economics, sociology, psychology, business, and industrial engineering as well as political science and law.

The Public Policy and Management track has a dual-purpose mission: to conduct research into pressing policy issues and to share the findings with leaders and citizens in an effort to find viable solutions. Graduates will be skilled public managers with specific expertise in one of several policy areas.

The Global Security Studies and Leadership concentration prepares students for careers in intelligence, national security and other sectors of the global economy. This program will broaden the skill sets of students through focus on advanced research, effective team communication and critical analysis. The GSSL program will prepare students to work with people from different backgrounds, abilities, and knowledge bases.
